International Workshop on Advanced Experimental Mechanics For Students and Young Researchers 2022 (IWAEM'22)

Awards to Outstanding Oral Presentations by Students and Young Researchers

Award to Outstanding Poster Presentations on General Poster Session by Students and Young Researchers

受賞

IWAEM'22(オンライン, 2022.12.25-26)は日本実験力学会が主催する会議で、固体力学、流体力学、熱工学、医療工学、生体力学、建設、土木工学などを含む実験力学の幅広い分野の学生や研究者が参加しました。

博士前期課程2年のNadezhda Morozova氏(指導教員:鈴木哲也教授)は Awards to Outstanding Oral Presentations by Students and Young Researchersを 受賞しました.

発表題目

"Influence of the Pre-Existing Defects on the Strain Distribution in Concrete Core by the AE and DICM Techniques"

博士後期課程1年の萩原大生氏(指導教員:鈴木哲也教授)は Award to Outstanding Poster Presentations on General Poster Session by Students and Young Researchersを受賞しました.

発表題目

"Evaluation of Bending Characteristics in Corroded Steel Sheet Pile due to Different Thickness by Acoustic Emission with DIC Method"
